JOHN REID & SONS (STRUCSTEEL) LTD

**REIDsteel** are a family-run business established in 1919 by Colonel John Reid. We design, fabricate and erect high quality steel framed structures. The company has strong financial foundations, an excellent reputation for designing, fabricating and building steel structures Worldwide.

We study your requirements, structural, functional and architectural: and propose efficient, safe, rapid and cost effective designs and methods to achieve your goals. We like to sit around the table with our clients and their advisors to come to the optimum solutions.

One of our customers summed it up nicely...

*By placing multiple elements with REIDsteel, you mitigate many of the risks that are associated with multi-subcontractor management.*

Every project is unique, so if you do have a job that you would like to discuss, please contact us for a chat. First point of contact is one of our experienced Project Engineers from the Sales Team:

# REIDsteel

## Aston Villa FC, Holte End Stand • Birmingham, UK

One of two stands that REIDsteel designed and fabricated for the club. The Holte End Stand has a capacity of over 9,000.

*The Holte End Stand under construction.*

## Aston Villa FC, Doug Ellis Stand

- Birmingham, UK

REIDsteel also fabricated Aston Villa's Doug Ellis Stand which features a row of executive boxes dividing the two tiers. This stand has a capacity approaching 13,500.

## Portsmouth FC • Portsmouth, UK

Another of our football stadia projects was the Fratton End Stand at Portsmouth FC.

Overall, we have designed 15 stands for Football League clubs including Watford FC, Charlton Athletic FC & Notts County FC.

## Butts Park Arena • Coventry, UK

An economic and practical REIDsteel design for Coventry Rugby. A 2,000 seat stand with an adjoining club house at first floor level and changing rooms below.

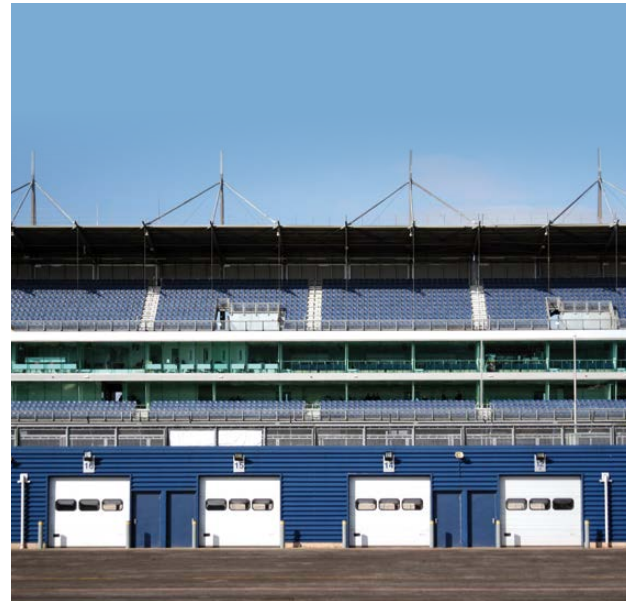

## Multi-tier grandstand

- Rockingham, UK

The 250m long grandstand at Rockingham Motor Speedway provides spectacular seating, VIP & catering areas as well as the Rockingham Building Business Centre.

## Multi-tier grandstand • Rockingham, UK

REIDsteel designed and made the steel structure for the 236m long Pits Building

We also built the structures for the Medical Centre, Administration Building, Race School & Starters Gantry.

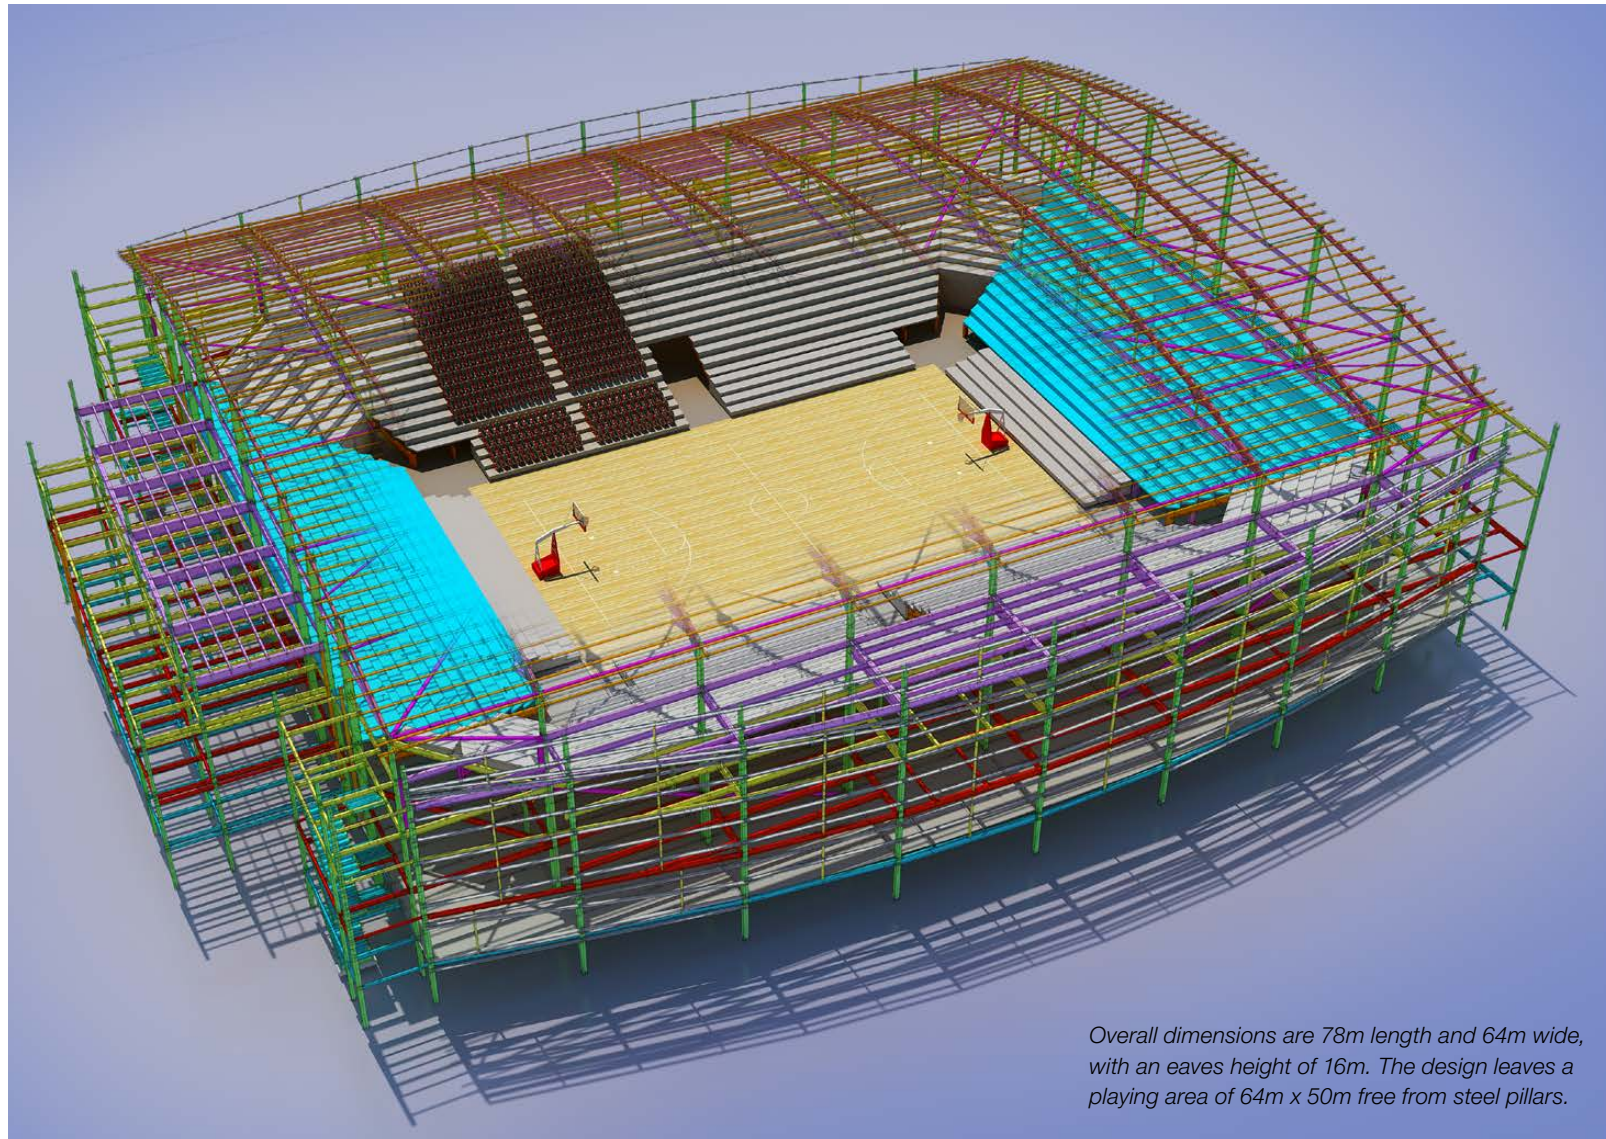

*The rear view of the grandstand (Left) shows the intricate steelwork for the stairs and barriers, all designed, fabricated and fitted by REIDsteel.*

## Sports Halls & Indoor Training Centres

REIDsteel can design and build structures easily capable of housing a full sized football or rugby pitch

### Civic Centre and Basketball Stadium • Belize

We have recently designed an indoor basketball/sports centre for Belize.

The fabrication and building are currently underway, but this render shows a cut away of the steelwork revealing the court and steel terracing, with a small area of seating also included.

This four level building also contains a ground floor car park and Civic Offices.

*Overall dimensions are 78m length and 64m wide, with an eaves height of 16m. The design leaves a playing area of 64m x 50m free from steel pillars.*

*Provo Sports Centre, Turks & Caicos Islands*

*School Gymnasium, Mauritius*

*Tennis Court at Les Ormes Golf & Leisure Club, Jersey, Channel Islands*

*Sutton Junior Tennis Centre, UK*

## Beach Grandstand • Seychelles

REIDsteel designed, fabricated and supplied a 1500 seat grandstand for the first ever CAF Beach Soccer Championships to be held in the Seychelles.

During the period of 14th to 19th April, 2015 eight African teams participated - Madagascar, Senegal, Nigeria, Ivory Coast, Egypt, Morocco, Ghana and the Seychelles.

Madagascar defeated Senegal in the final with penalties after extra time.

REIDsteel are experts in the design and build of the following:

**Aircraft hangars, hangar doors and hangar extensions**

**Bridges**

**Car parks**

**Church and community buildings**

**Cranes**

**Environmental structures**

**Grandstands and stadia**

**Housing, hospitals and schools**

**Hurricane and earthquake resistant buildings**

**Industrial and warehouse buildings**

**Leisure and sports buildings**

**Office buildings, commercial buildings and retail superstores**

**Security gates, barriers and defensive structures**
